Taps & Showers	96
Bathroom Accessories	122
Shower Trays	129
Bathroom Extras	135
Heating	140
Specifications	150

All prices are recommended retail and include VAT at 23%

The prices and specifications contained within this brochure are for informational purposes only. Our design and development team are constantly working to improve all our products, therefore are subject to change without prior notice. Matrix Bathrooms & Heating cannot guarantee that the illustrations in our brochure are in all cases identical with goods supplied.

Please Note: Returns incur a strictly administered restocking charge, and opened products will not be accepted.

All sizes are in millimetres.

# Shower Enclosures

All Matrix shower enclosures, wetroom panels & bathscreens are now covered by XProtect Easy Clean Glass Treatment.

This will help prevent the built up of soap, dirt & limescale thus helping the glass to be easily cleaned.

# Shower Trays

# Slimline Shower Trays

Matrix slim shower trays are available in a combination of shapes and sizes. They are a low profile tray standing just 40mm high and include a 90mm high flow waste and trap which incorporates a chrome cover. With ABS capped acrylic cover a stone powder mixed resin, the slim tray has ultimate strength and rigidity.

All Matrix shower trays have a Class 1 CE Certification.

\*Please note waste positions as shown below

### Easy Plumb - Leg & Panel Kit

Easy-Plumb shower trays are raised up on feet. This allows for easy fitting of the waste drain pipe. Since the waste drain pipe can be easily fitted under the shower tray, it can solve tricky installation issues that can arise due to the positioning of joists, etc. Once the waste pipe is fitted and the tray installed, removable panels are then fitted. As these panels are removable, easy access to the drain pipe is possible.

The easy plumb system is available on all slim shower tray sizes.

(Stated sizes are +/- 5mm tolerance)

# Electric Heating Element

## Thermo Digital Thermostatic Electric Heating Element

- Easy temperature control - 30°C to 70°C
- Bright Clear Digital LCD Display
- Frost protection setting
- 3 Mode Function - Standby, Thermostatic or Boost
- Boost function - Set the element to have a 2,4,6 or 8 hour boost with memory function.
- Fill with a water + oxyptic mix to 90% of radiator capacity

**Convert towel warmer to electric**

Code	Description	Price
THW400	Thermo 400 Watt Electrical Element	€234.00
THW600	Thermo 600 Watt Electrical Element	€249.00

# Heating System Leak Sealer

OxyPIC works to keep the heating system at maximum efficiency year after year, it works against corrosion, scale, oxide sludge and expels air from the water as it circulates, all this from the one additive. OxyPIC also continues to circulate in the water to seal further potential leaks. Its magic, no need to worry which of several complex additives to use. Use OxyPIC for the lot. It also conforms to BS1486:1978 and BS7593:1992.

OxyPIC seals leaks in all metal boilers and pipework including threaded joints, it must be understood however that the metal itself must be of sufficient substance for the OxyPIC to make the repair. It will therefore not repair leaks in boilers or pipework worn thin with age.

OxyPIC will also seal leaks on plastic pipework according to tests made over a reasonable period of time. However we cannot yet give an unconditional guarantee on plastic pipe work. If you do have a problem on plastic pipe-

**...And after OXYPIC seals the leak, it continues to work expelling air from the water and reducing boiler noise - thereby guarding against any future leaks, scaling and rust.**

Code	Description	Price
05OXY	OxyPIC 500ml	€57.00
